INTRODUCTION

ABOUT US

Fast Building is a prominent and long-standing company in the construction industry of the United Arab Emirates (UAE). It was established in 1982 and initially operated as a primary contractor for building construction projects. Over the years, the company underwent expansion and transformation, becoming the esteemed Fast Building Contracting Group of Companies. Fast Building has diversified its offerings to include a comprehensive range of services. These services encompass general contracting, electromechanical works, wooden and joinery works, aluminum and glass works, as well as road and infrastructure works. This diverse portfolio allows the company to cater to various construction needs and provide integrated solutions to its clients. The company has earned a reputation for its unwavering commitment to exceptional standards of quality and safety. Fast Building prioritizes delivering projects within allocated budgets and ensuring timely completion. This dedication to excellence has contributed to the company's success and its ability to undertake a wide array of projects. Fast Building's portfolio includes a range of notable projects, such as high-rise buildings, governmental mega projects, luxury villas, and large-scale commercial developments.

Fast Building's portfolio includes a range of notable projects, such as high-rise buildings, governmental mega projects, luxury villas, and large-scale commercial developments. This demonstrates the company's expertise in handling projects of varying complexities and scales. In addition to its core construction services, Fast Building also offers design-build and turnkey solutions. These services empower clients to streamline the construction process by combining design and construction under a single contract. By offering a comprehensive package, Fast Building helps clients optimize costs and ensures a smoother project execution. Fast Building attributes its success to its team of experienced professionals who are well-versed in the construction industry. Their expertise and dedication enable the company to meet and exceed client expectations. With a strong emphasis on quality, safety, and timely project delivery, Fast Building has established itself as a trusted partner for any construction endeavor in the UAE.

VISION

Fast Building is a leading construction company in the UAE, dedicated to upholding exceptional standards in quality, safety, and customer service. Our vision is to become industry leaders in sustainable building practices, making a positive impact on the communities we serve. We strive to be recognized for our commitment to excellence and innovation. With a focus on fostering strong partnerships built on trust, integrity, and mutual success, we aim to create a work environment that nurtures the growth and well-being of our employees, enabling them to thrive both personally and professionally.

MISSION

At Fast Building, our mission is to exceed client expectations by providing construction services of unmatched quality. We are dedicated to unparalleled the highest standards of safety and professionalism in all our endeavors. Timely project completion within allocated budgets is a non-negotiable priority for us. We constantly strive to be pioneers in sustainable building practices, aiming to create a positive and enduring impact on the communities we serve.

In addition, we place a strong emphasis on the well-being of our employees. We believe that a secure and enriching work environment is essential for their personal growth and development. By prioritizing their welfare, we ensure that they are motivated and empowered to deliver their best work.

HEALTH, SAFETY AND ENVIRONMENT

At Fast Building Contracting, the health, safety, and environment (HSE) of our employees and stakeholders are our top priorities. We have a strong commitment to ensuring the well-being of the community and maintaining a safe working environment throughout all our projects. To demonstrate this commitment, we have obtained International Organization for Standardization (ISO) certifications for Occupational Health and Safety Management System (ISO 45001) and Environmental Management (ISO 14001). These certifications reflect our dedication to upholding the highest standards of health, safety, and environmental practices.

Our comprehensive HSE program encompasses not only our employees but also consultants, clients, and the public. We have implemented robust measures and procedures to fulfill our obligations and comply with all relevant statutory requirements. Fast Building Contracting strictly adheres to local, federal laws, as well as local authorities requirements and industry standards. By doing so, we ensure safe working conditions and promote best practices at all our sites.

Proactively prioritizing good health, accident prevention, injury mitigation, and minimizing adverse effects on our activities are integral aspects of our company's approach. We recognize the importance of responsible environmental practices and are dedicated to caring for the environment. Through a structured risk management approach, we aim to minimize the impact on health, safety, and the environment while preventing pollution.

In all our projects, we actively consider the needs of our employees, customers, subcontractors, and the broader community. We strive to foster a culture of awareness and accountability, where everyone is involved in maintaining a safe and healthy working environment. Through continuous improvement and rigorous implementation of our HSE program, we aim to achieve excellence in health, safety, and environmental performance across all our projects.

GROUP OF COMPANIES

شركة فاست لمقاولات البناء (ذ.م.م)
FAST BUILDING CONT. CO. (L.L.C)

Fast Building Contracting serves as the esteemed parent company of the renowned Fast Group of Companies, showcasing excellence in the construction industry. With a formidable reputation and a rich history, Fast Building Contracting has become synonymous with innovation, quality, and timely project delivery. As an unlimited company in construction, it holds the prestigious distinction of being able to undertake and construct projects of any scale and it provides strategic direction, exceptional leadership, and a commitment to exceeding client expectations. Through its diverse portfolio of projects, Fast Building Contracting continues to shape skylines, construct remarkable structures, and set new benchmarks for the construction industry.

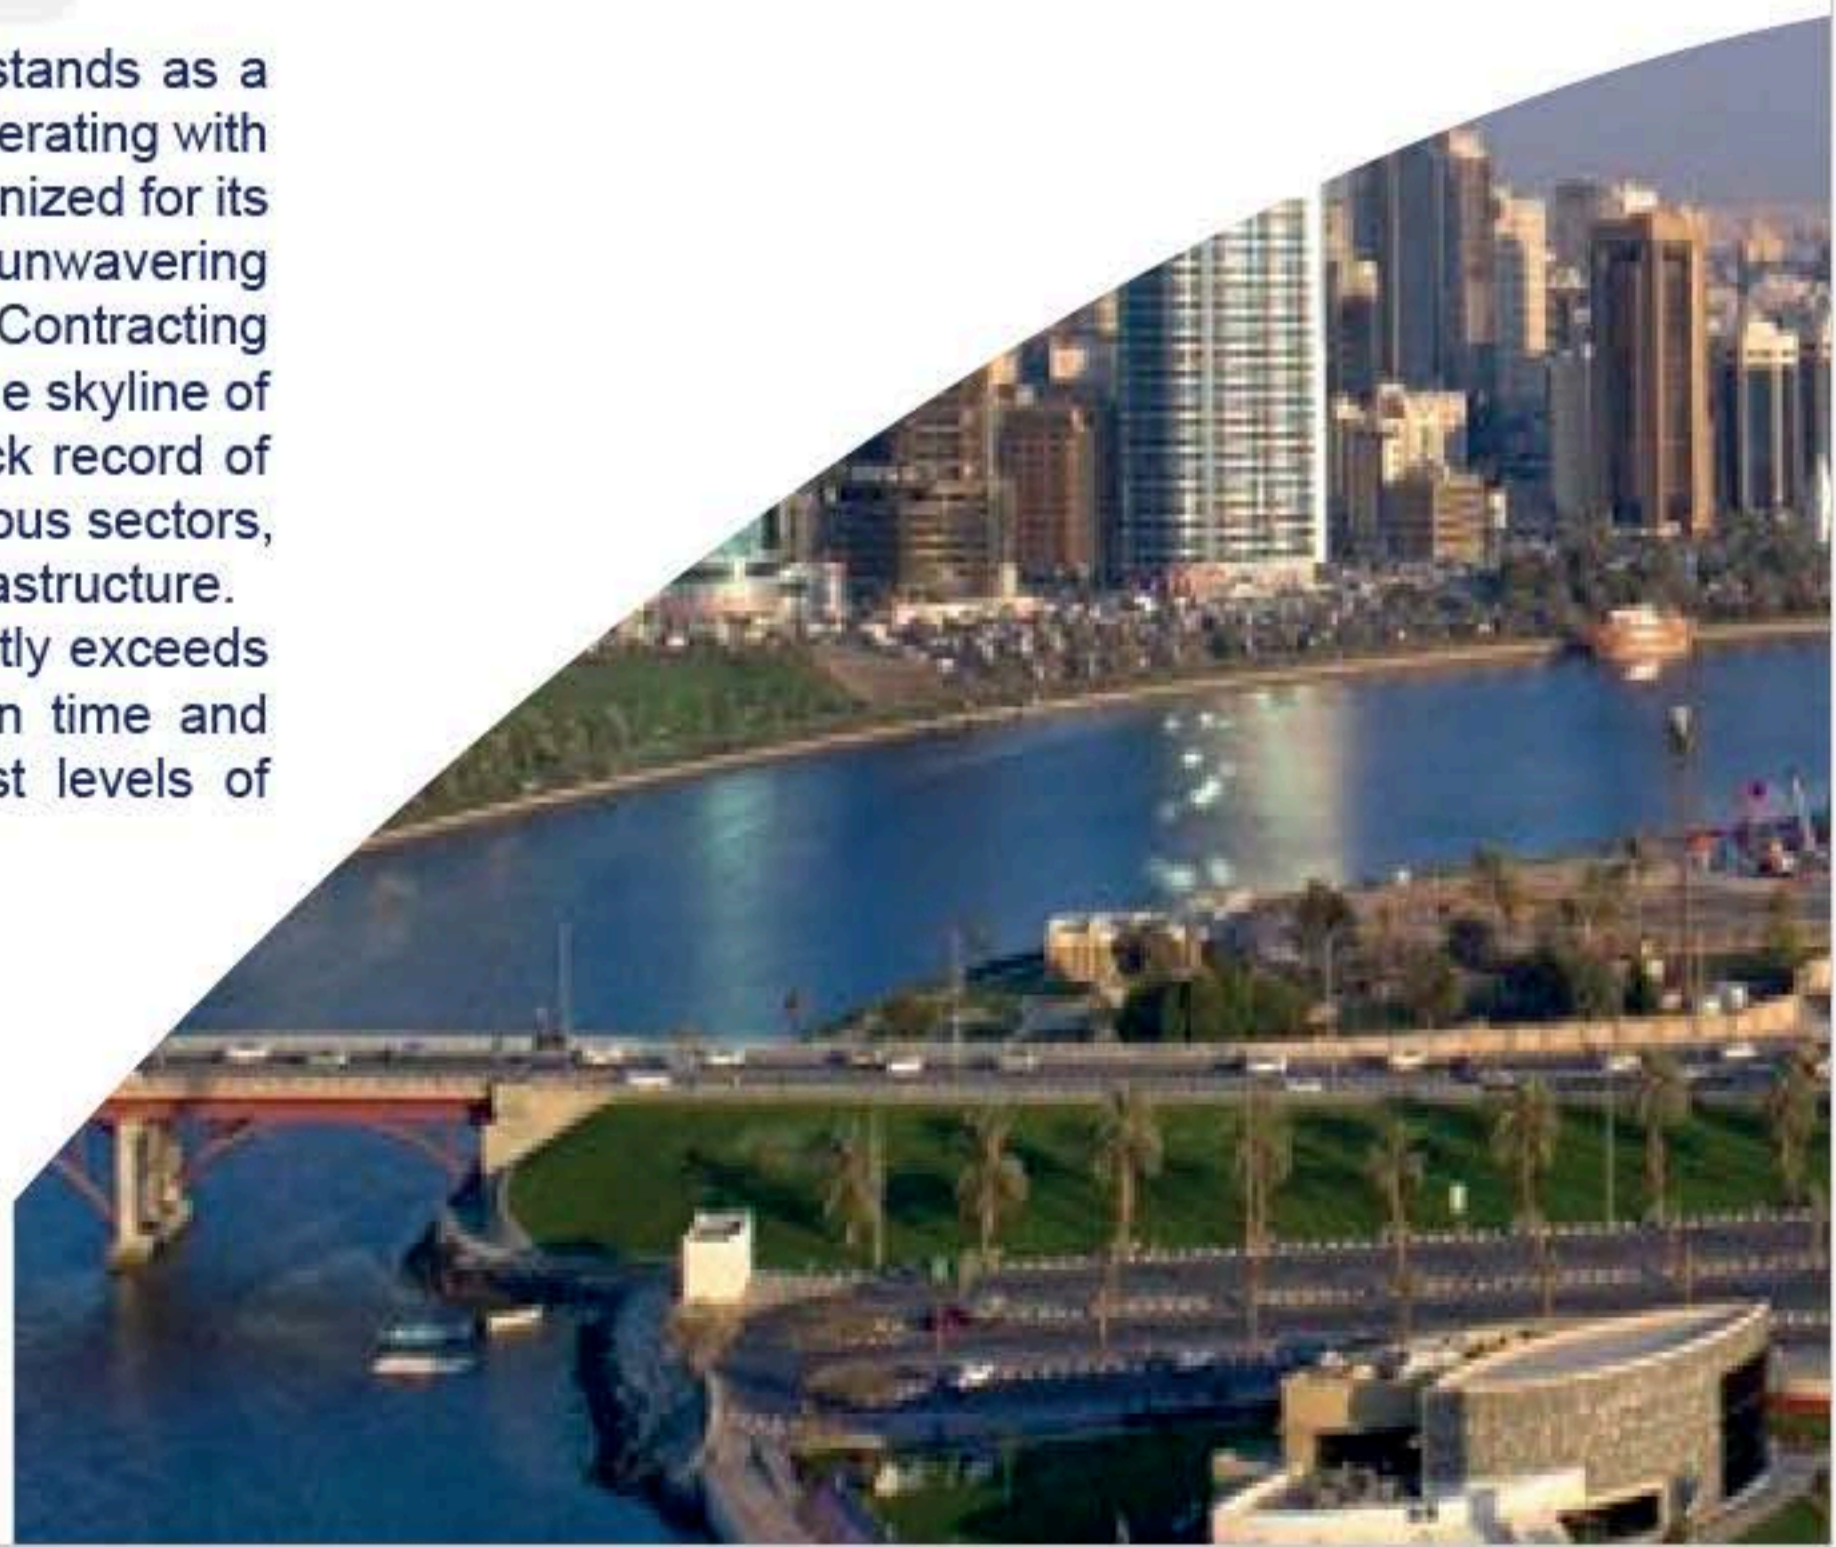

مؤسسة فاست لصيانة المباني
FAST BLDG MAINT EST

Fast Building Maintenance Company takes pride in its responsibility for ensuring that projects are kept in excellent order. As a trusted entity in the facility management industry, Fast Building Maintenance Company understands the importance of maintaining the functionality, safety, and aesthetics of constructed projects. With a team of skilled professionals and a wealth of expertise, they offer comprehensive services that encompass routine maintenance, repairs, and renovations. From electrical and plumbing systems to HVAC and structural integrity, Fast Building Maintenance Company diligently attends to every aspect of a building's upkeep. Their dedication to efficiency and reliability ensures that clients can rely on them to create and maintain an optimal environment for occupants, maximizing the lifespan and value of the properties they manage.

FAST GULF BUILDING. CO.
شركة فاست جلف للمقاولات (ذ.م.م)

Fast Gulf Contracting Company proudly stands as a subsidiary of Fast Building Contracting, operating with distinction in the Emirates of Dubai. Recognized for its exceptional construction capabilities and unwavering commitment to excellence, Fast Gulf Contracting Company plays a pivotal role in shaping the skyline of this dynamic city. With an impressive track record of delivering high-profile projects across various sectors, including residential, commercial, and infrastructure, Fast Gulf Contracting Company consistently exceeds client expectations, delivering projects on time and within budget while ensuring the highest levels of safety and sustainability.

Fast MEP, as an esteemed electromechanical company, is dedicated to providing exceptional services in the field of mechanical, electrical, and plumbing systems. With a strong focus on innovation and technical expertise, Fast MEP delivers comprehensive solutions tailored to meet the unique needs of clients across various industries.

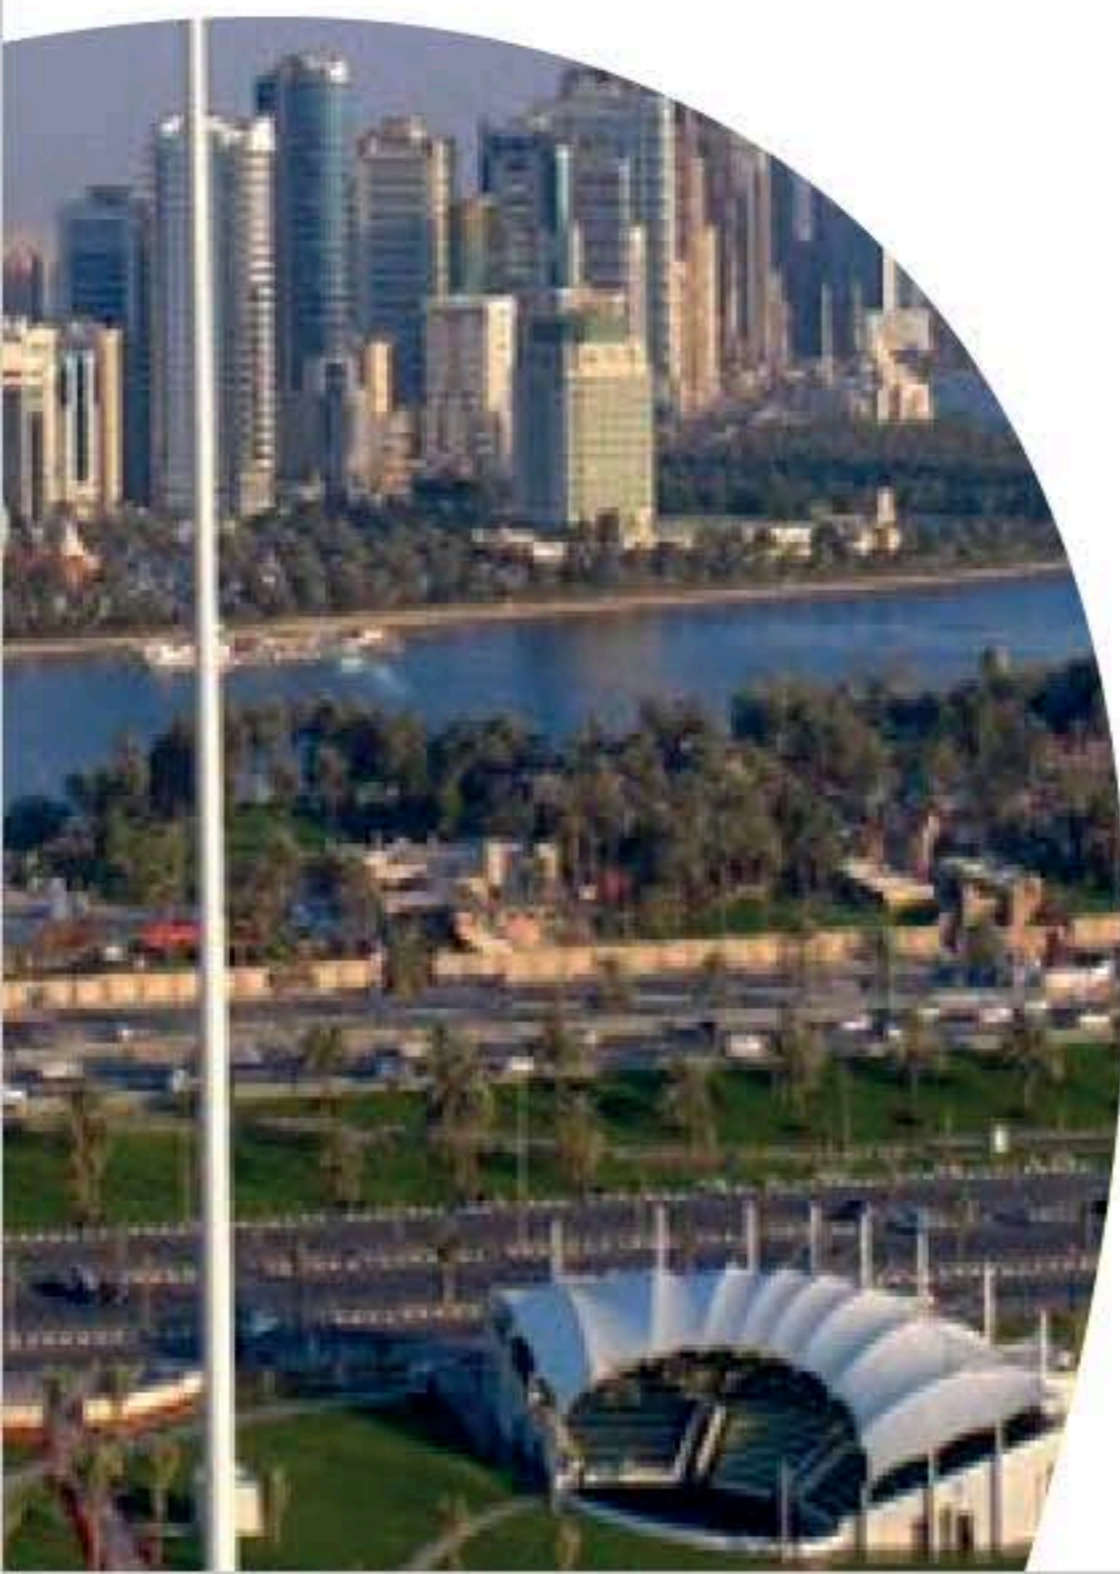

Fast MEP is at the forefront of utilizing the latest technologies available in the market. The company embraces cutting-edge advancements in material selection, design techniques, and coordination processes to ensure the seamless integration of MEP systems within complex structures. Fast MEP holds prestigious certifications and licenses that highlight its expertise and commitment to the industry standards and regulations. The company is certified as a First Grade company in Shajah Electricity, Water, and Gas Authority (SEWA). In addition, Fast MEP is a licensed HVAC company, ensuring its capability to design, install, and maintain efficient heating, ventilation, and air conditioning systems. The company also holds the distinction of being a civil defense approved contractor, signifying its adherence to safety regulations and its ability to execute projects with the highest standards of fire safety. With these certifications and licenses, Fast MEP operates with the utmost professionalism and compliance, providing clients with peace of mind and assurance of high-quality work. This further strengthens its position as a trusted partner in the construction industry, delivering MEP solutions that meet the strictest industry requirements and standards. safety.

Fast Carpentry and Aluminum is a premier company specializing in aluminum and wooden works. With a wealth of expertise and craftsmanship, they are renowned for their high-quality products and exceptional services in the industry. From elegant aluminum windows and doors to custom-designed wooden furniture and fixtures, Fast Carpentry and Aluminum offer a comprehensive range of solutions to cater to the diverse needs of their clients. Their skilled team of carpenters and aluminum fabricators meticulously craft each piece, ensuring precision, durability, and aesthetic appeal.

A photograph of the Umm Al Quwain Court Complex. The building is a large, modern structure with a prominent central dome covered in a green and gold pattern. The facade is made of light-colored stone or concrete with a series of tall, narrow columns. The Arabic name 'مجمع محاكم أم القيوين' is inscribed on the upper part of the building. A large palm tree is in the foreground on the left.

Umm Al Quwain Court Complex

A photograph of the Al Basheer Mosque. The mosque is a large, light-colored building with two tall, slender minarets on either side of a central dome. The facade features a series of arched windows and a decorative cornice. The sky is blue with some white clouds.

MEP Work

A collage of three images related to MEP work. The top image shows a complex network of red pipes and valves in a mechanical room. The middle image shows a person's hands using a red and black multimeter probe to test a bundle of wires. The bottom image shows a yellow electrical control panel with a digital display and several indicator lights.
